

Recover Lost VBA Passwords in Just Three Clicks

April 2010. Passcovery Ltd. – the developer of innovative password recovery software – releases the latest version of Atomic VBA Password Recovery, 2.20.

As always, Atomic VBA Password Recovery 2.20 recovers lost or forgotten VBA passwords to Microsoft Office 95-2003 files **in just three clicks**. The software recovers passwords instantly during the file launch process.

Version 2.20 offers significantly improved compatibility with Microsoft Office XP files. In rare cases when a VBA password cannot be recovered immediately, Atomic VBA Password Recovery 2.20 replaces it with a known, pre-installed password and restores access to the VBA code for the file's macros.

Key Advantage

Atomic VBA Password Recovery is 100% guaranteed to provide instant results. The program supports Microsoft Access/Excel/Word 95-2003 files (.mdb, .xls, .doc).

The Proven, Affordable Solution

Accent VBA Password Recovery 2.20 runs on all Microsoft Windows operating systems from Windows 95 to Windows 7. A home license costs just \$30, and a corporate license costs \$40.

About Passcovery Ltd.

Passcovery Ltd. develops innovative Windows solutions for recovering lost passwords. Today the company offers [number] different password recovery solutions that support most popular formats, including Microsoft Office files, ZIP archives and email clients.
